Core Competencies

24X7 Systems, Inc. is an SBA 8(a) certified small business based in Alpharetta, Georgia with areas of expertise in Cloud Services, IT and Data Management, Application Services, Professional and Administrative Services. 24X7 Systems has been providing Technology Services to Commercial, Federal, State and Local Government agencies with innovative solutions that simplify complex technical challenges.

We are cloud solutions experts that design and build cloud infrastructure with best practices, security controls, frameworks, and guidelines such as NIST to meet HIPAA compliance requirements on AWS, Azure or GCP. Committed to quality, accountability, and trust, we share our expertise to forward the work of the US government. We have deep industry experience and understanding of delivering Cloud services to various government agencies. We build organizational capacity, not dependence, by creating the structure, process and skills needed for long-term mission success.
